Ireiola Lovers

SPREAD THE SPICE 2023.

We're happy to share our recent engagement with you, at the 2023 kanthari.org/spreadthespice festival, held from October 13th to 15th at Jawahar Balabhavan, Trivandrum, Kerala, India. We were able to focus on addressing challenges faced by children with Albinism, such as parental neglect, bullying, and discrimination. Through engaging activities, we showcased ways to create an inclusive environment for these children.

Over 25 passionate change-makers from 12 countries, including Cameroon, India, Indonesia, Jordan, Kenya, Liberia, Malawi, Myanmar, Nepal, Nigeria, and Zimbabwe, participated in this impactful event. They shared innovative solutions and engaged in thought-provoking discussions, aiming to uplift communities

worldwide.

Our organization, Iretiola, was born in [kanthari](#), and is committed to empowering children with Albinism and their peers in Nigeria. We aim through storytelling, comics, games, and more. to foster self-awareness, build self-confidence, and ensure equal rights.

We celebrate our founder, Ifeoluwa, on kantharitalks.org 2023 she shared her inspiring journey, the challenges children with Albinism face in Nigeria, and the intended solution to address these issues and ways to empower these children to have access to equal rights. She received Kanthari Lances for Social Change.

Upcoming Program

Looking ahead, our pilot project involves engaging workshops for 20 children with Albinism and their peers. Through engaging and interactive activities, we aim to educate them about Albinism and also empower them to become mentors and advocates.
